Glue

Scissors

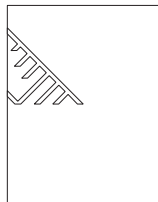

Thread

Optional: Glitter and Paint

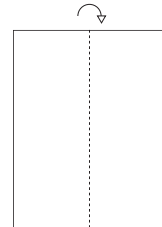

Note: This activity involves using scissors. Have an adult cut out the templates for any little ones.

Creating Your Snowflakes

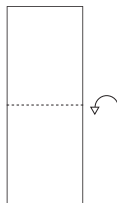

1. Print out the patterned snowflake templates, or have fun making your own designs.

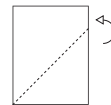

2. Flip the paper around and fold the page in half length-wise.

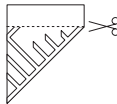

3. Fold the paper to half its size along the bottom edge of the pattern.

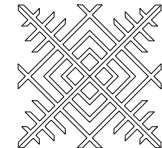

4. Fold the outer bottom edge up and diagonally so what was the bottom edge of the rectangle now aligns with the left edge. The diagonal fold should also align with the pattern.

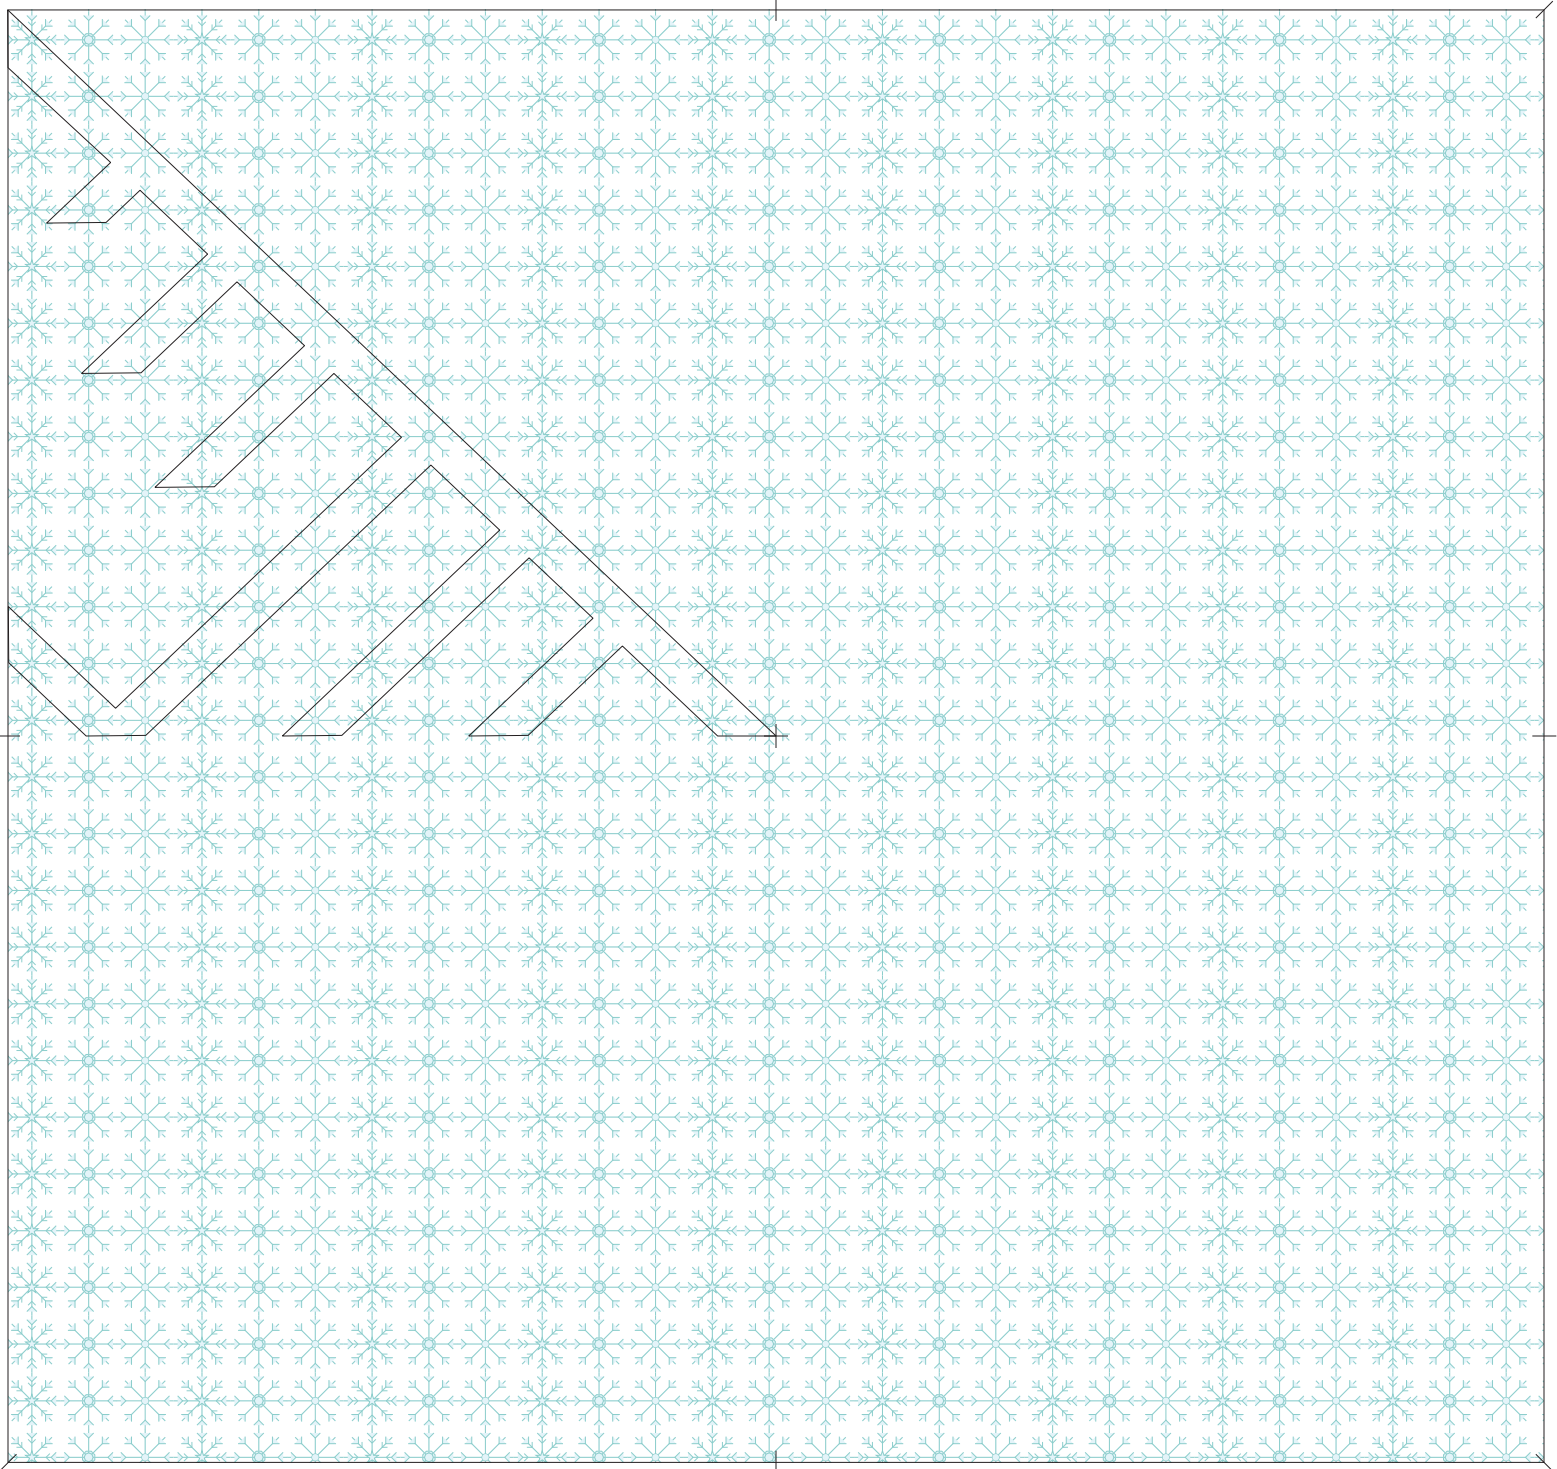

5. Cut off the horizontal rectangular shape above the pattern. While still folded cut along the template to make the desired shape.

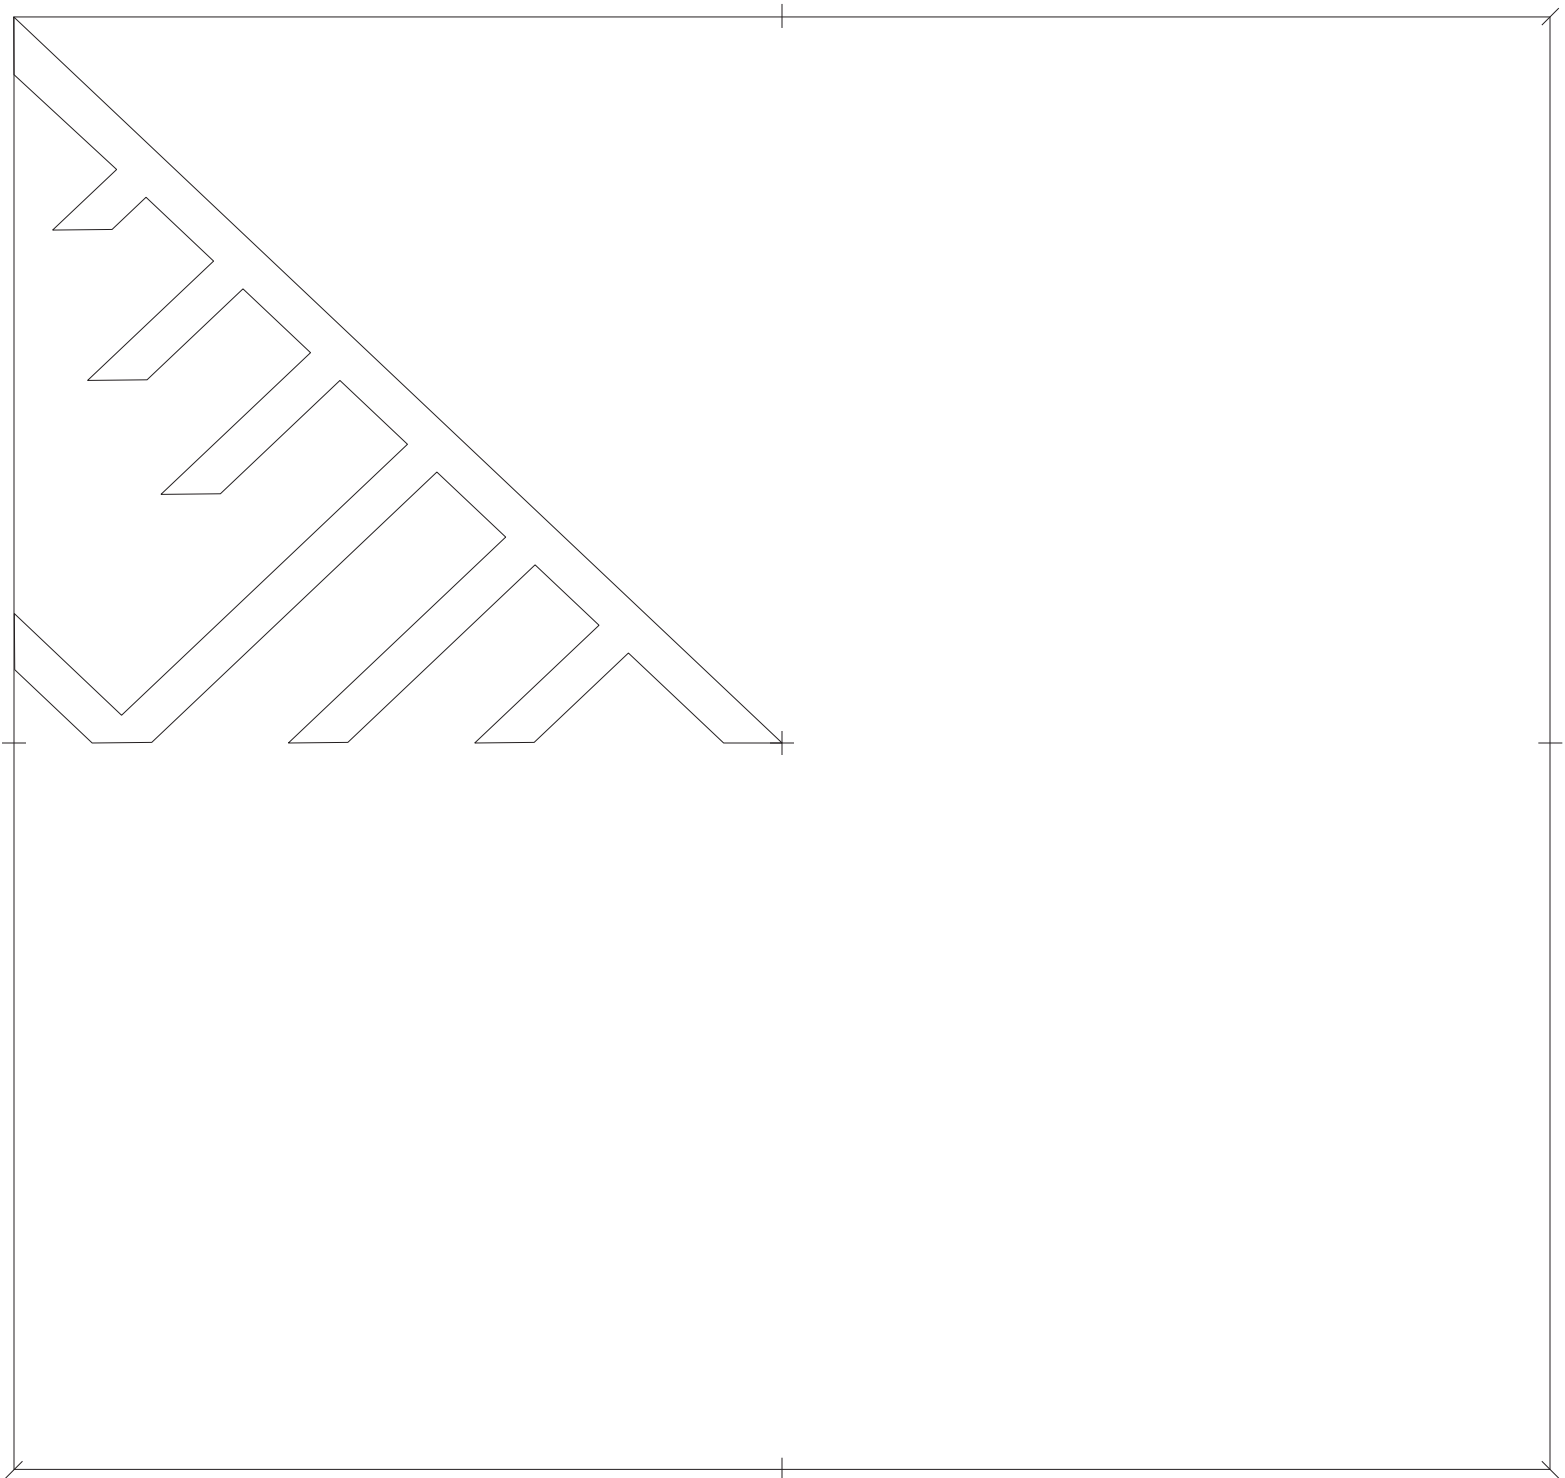

6. Unfold the pattern carefully. Repeat with other patterns or your own designs to make your own winter wonderland.
