

CLASSROOM DECORATING IDEAS

Bring spring into the classroom with these DIY decoration templates.

Don't let your classroom become dull and boring. Get some inspiration from our spring decorating ideas and fun templates.

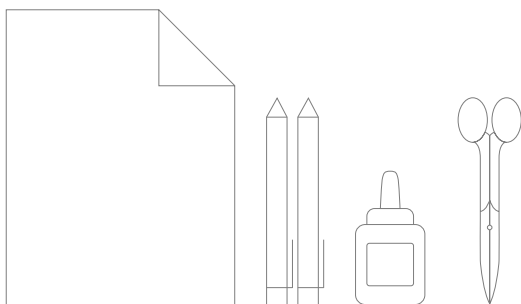

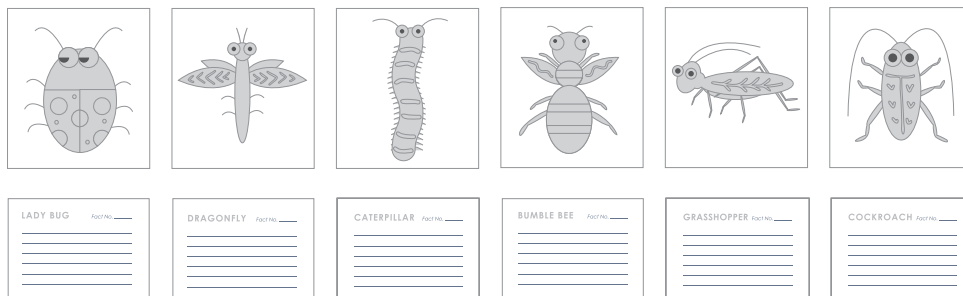

Templates Included:

- 2 Show Bug Facts
- 8 Notebook and Folder Name Cards
- 12 Tiled Bug Poster

Classroom Decorating Ideas

Show Bug Facts

It's easy to create wall decor that also functions as a learning tool.

What You Will Need

Hammermill® Premium Laser Print 24 lb. Paper
(P.S. You can cut out the butterfly on the rear)

Glue

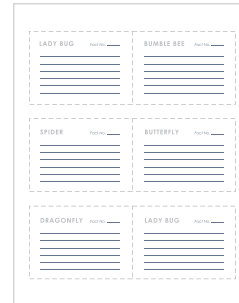

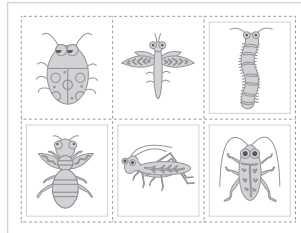

Scissors

Pen/Markers

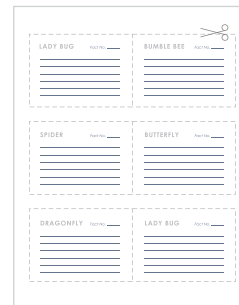

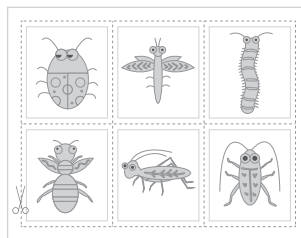

Note: This activity involves using scissors. Have an adult cut out the templates for any little ones.

Creating Your Bug Facts

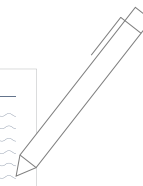

1. Print out the different types of bugs and fact cards.

2. Cut along the dotted lines on the template.

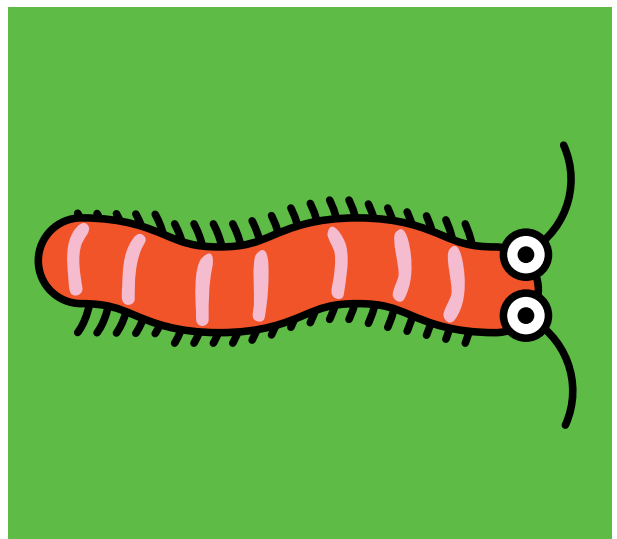

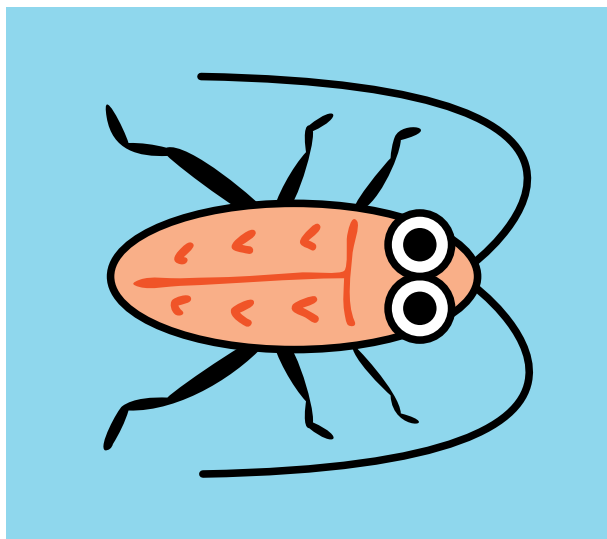

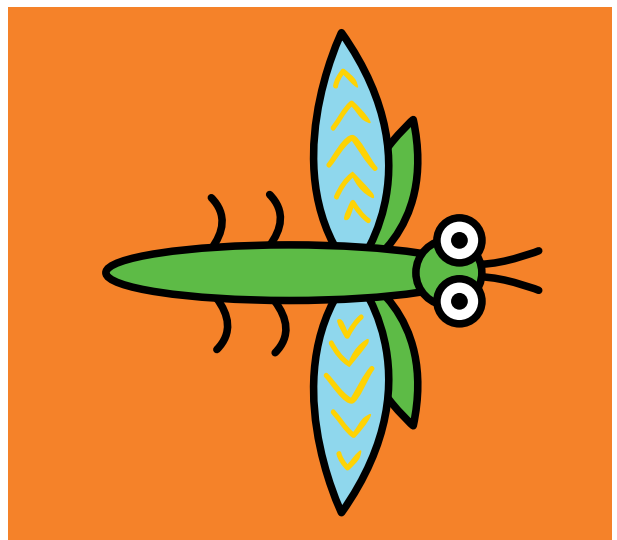

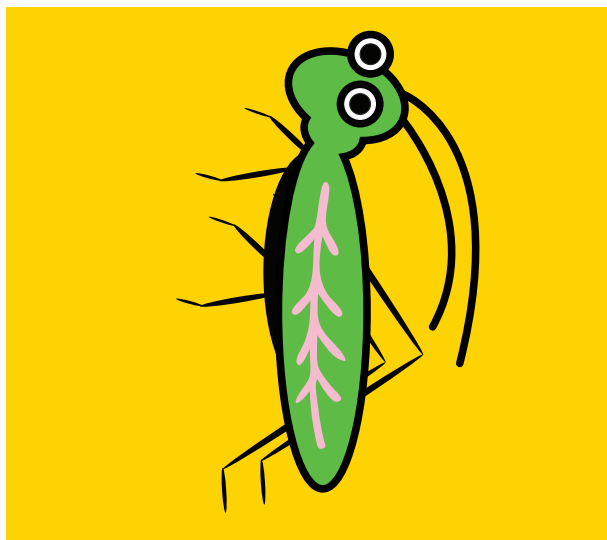

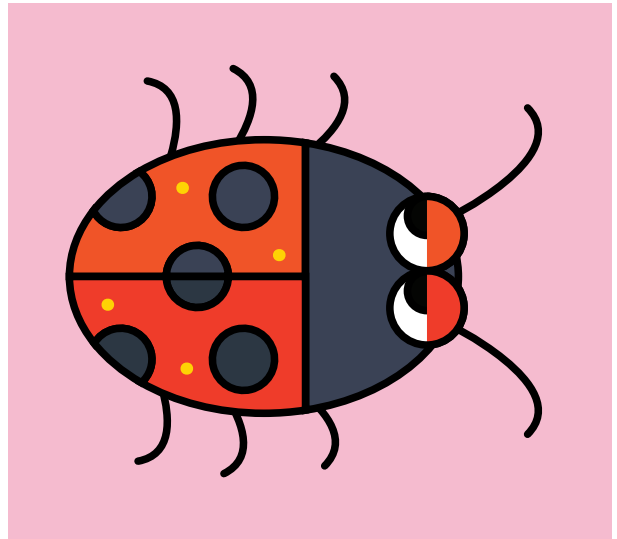

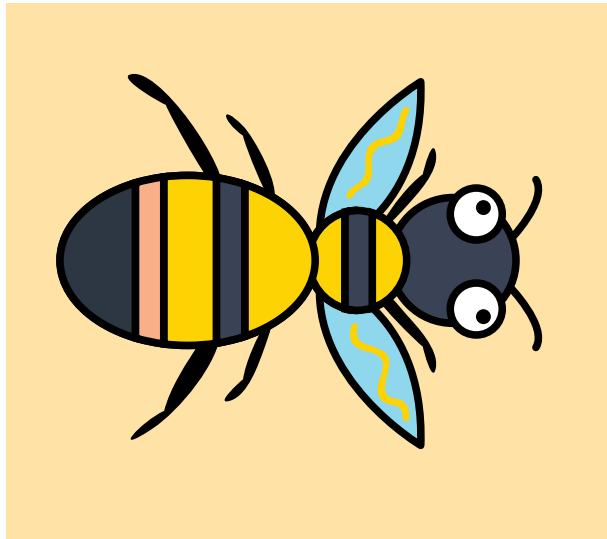

3. Write a fact about each bug on their individual fact cards.

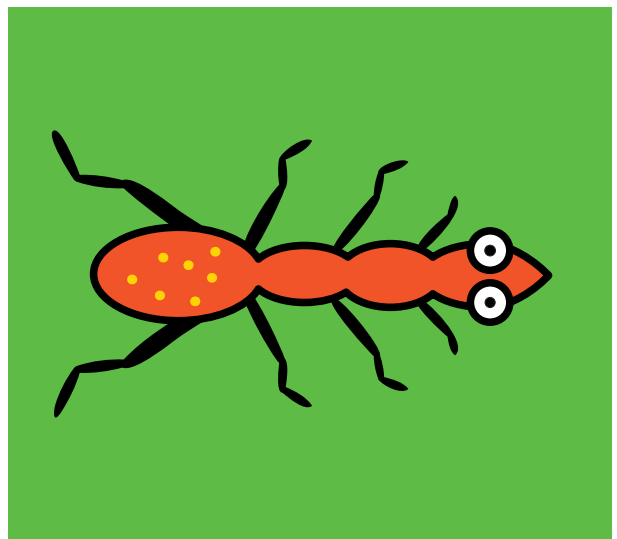

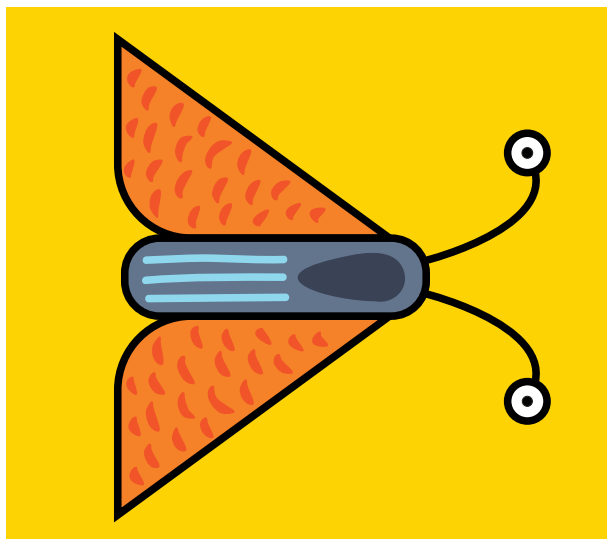

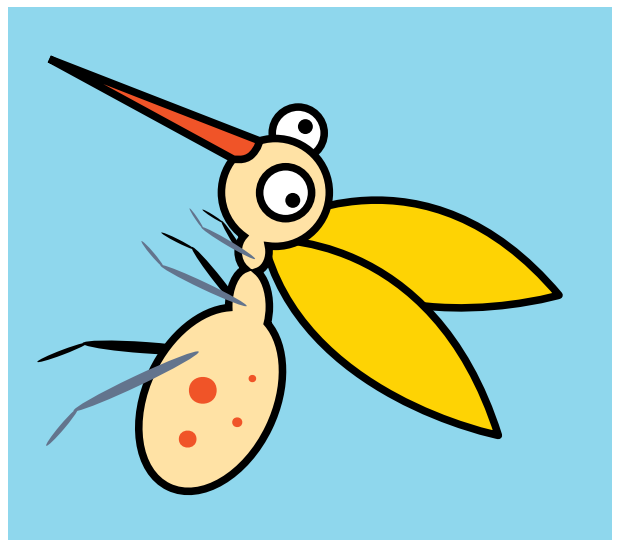

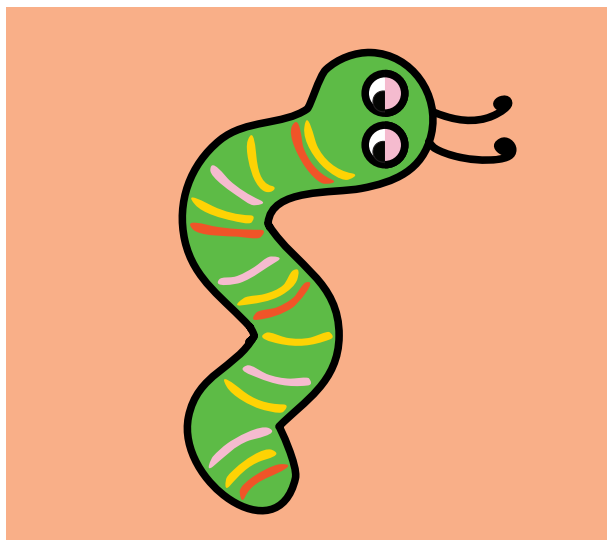

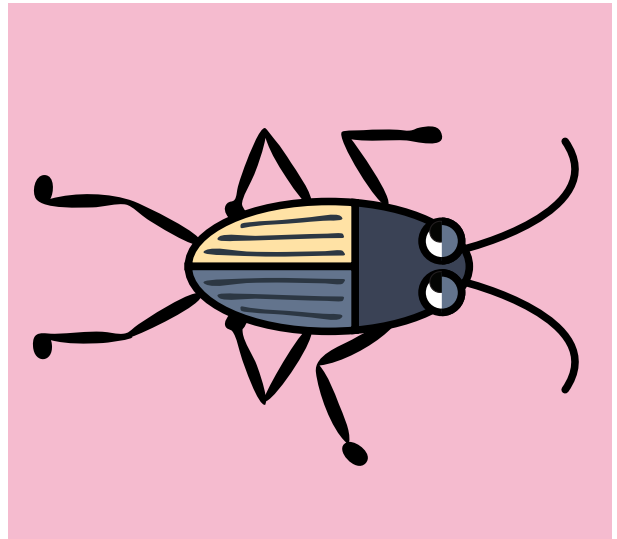

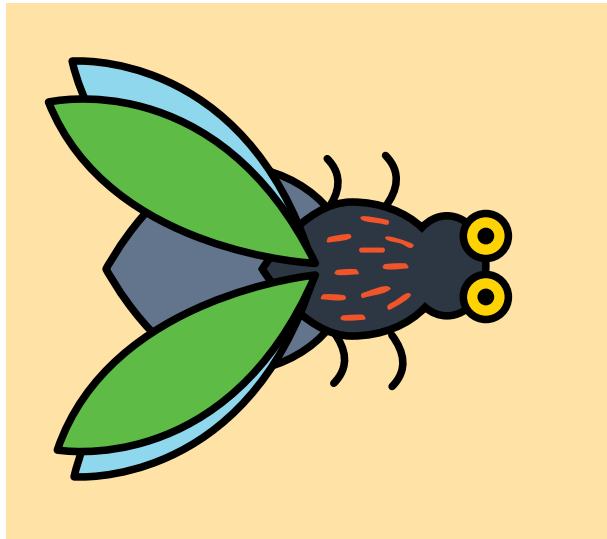

4. Place the bugs together on one wall or bulletin board. Then put the bug facts next to those in a column of their own.

Have the students match the facts to the correct bugs.

Classroom Decorating Ideas

Notebook and Folder Name Cards

Decorate your notebooks or folders with these bug-themed name cards.

What You Will Need

Hammermill® Premium Laser Print 24LB Paper
(P.S. You can cut out the butterfly on the rear)
Glue
Scissors
Pen/Markers
Notebook/Folder

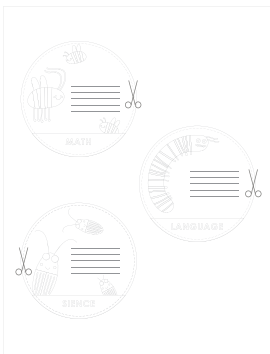

Note: This activity involves using scissors. Have an adult cut out the templates for any little ones.

Creating Your Name Cards

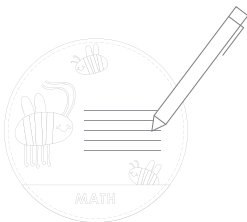

1. Print out the name card templates.

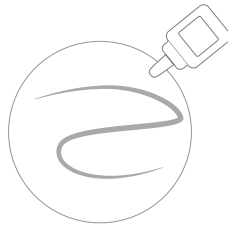

2. Cut along the dotted lines on the template.

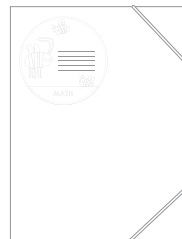

3. Fill in the cards with name, class, year and any other necessary information.

4. Take the pieces you cut out and apply glue to the blank sides. Make sure to cover the entire surface evenly.

5. Decorate notebooks and folders.

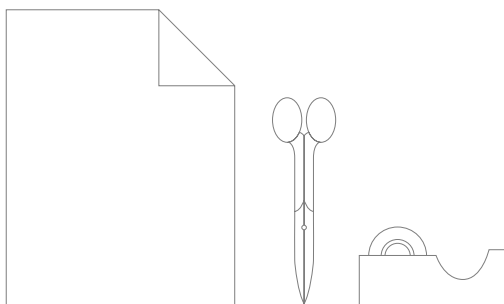

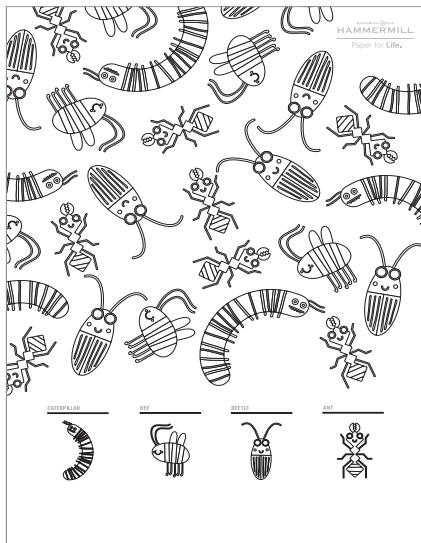

Classroom Decorating Ideas

Tiled Bug Poster

Bring spring into your classroom with this colorful and fun poster.

What You Will Need

Hammermill® Premium Laser Print 24LB Paper
(P.S. You can cut out the butterfly on the rear)

Scissors

Tape

Note: This activity involves using scissors. Have an adult cut out the templates for any little ones.

Creating Your Tiled Bug Poster

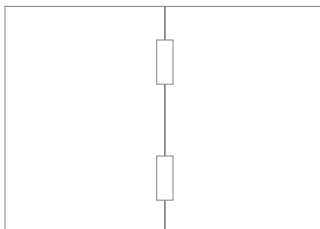

1. Print out the tiles for the poster.

2. Cut along the dotted lines on the template. Be careful not to cut off the white "overlap."

3. Tape the back of the tiles so that they overlap the white areas and the graphics align perfectly on the front of the poster.

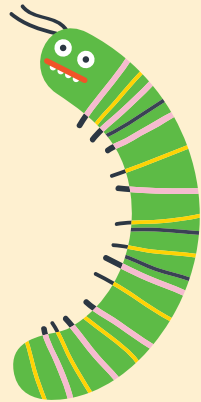

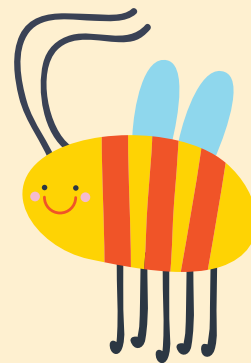

CATERPILLAR

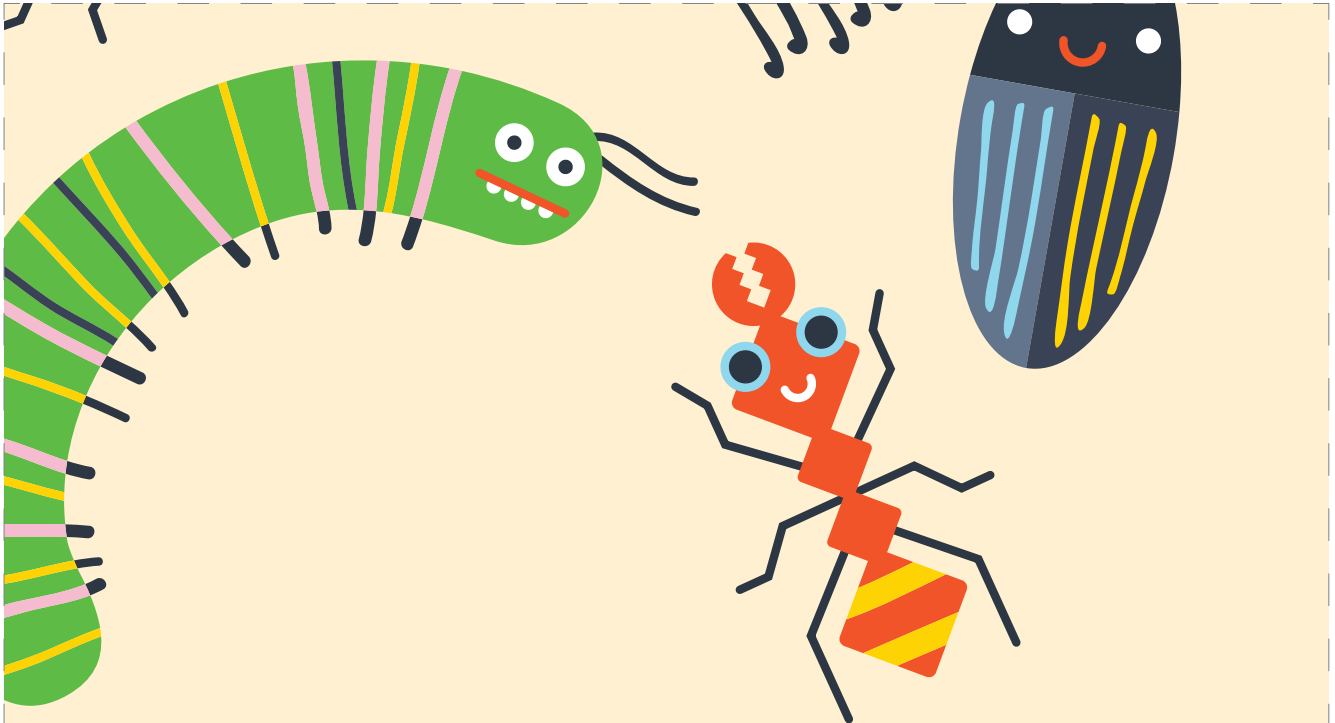

As caterpillars grow, they shed their skin, or molt. They can do this up to six times in their lifetime.

BEE

Bees are critical pollinators: They pollinate 70 of the around 100 crop species that feed 90% of the world!

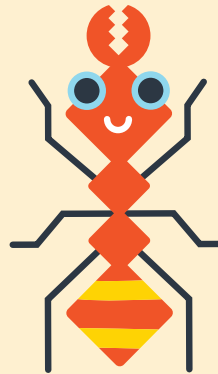

BEETLE

Beetles are the largest group of living organisms known to science!

ANT

An ant can lift 20 times its own body weight. If a student were as strong as an ant, she would be able to pick up a car!
