What You Will Need

Hammermill® Copy Paper, 20 lb.

Step One: Make a Plan

Set goals to help you use your time well. Use this checklist to make a schedule for your summer reading.

Some teachers give out a summer reading list at the end of the school year. They know your reading level, so be sure to follow their recommendations. You can also search online for reading lists at the appropriate grade level. Once you have your list, plan a schedule and stick to it!
